

# HALO TRAINING

## CERTIFIED HALO EXECUTIVE LEADER<sup>®</sup> (CHL-E) **LEADERSHIP AT THE POINT OF CONSEQUENCE**

**CHL-E is HALO's flagship program for senior leaders who carry the weight of strategy, culture, and execution.**

This is not just another leadership course. It's a high stakes recalibration for executives who lead when the pressure is real, the margin for error is small, and the impact is enterprise wide. This is where leadership is refined, decision making is sharpened, and execution becomes instinct.

### ***CHL-E isn't about theory.***

*It's about leading when it counts, under pressure, in motion, and with impact that echoes across the organisation.*

A group of people, including a woman in the foreground, looking intently at something off-camera. The woman in the foreground is wearing a dark jacket over a white turtleneck and has her hair in a ponytail. She is looking towards the right. In the background, there are other people, including a man with a beard and a woman with glasses, all looking in the same direction. The background is blurred, suggesting an outdoor setting with greenery.

Most executive leadership programs teach you what to think. CHL-E sharpens how you lead – under pressure, in motion, and where it counts. **This is where strategy meets pressure – and execution wins.**

## WHY THIS STANDS APART

**CHL-E is not a course. It's a recalibration.**

This is where experienced leaders step back, not to slow down, but to sharpen. It's where you pressure-test your leadership rhythm, refine your decision-making under weight, and build the clarity and composure your teams and organisations need when it counts. You won't leave with just ideas. You'll leave with execution. You'll walk away with the tools, conviction, and leadership edge to lead through uncertainty, drive culture at scale, and move strategy into action fast, consistently, and under fire.

**This is leadership, rebuilt for impact.**

**LET'S GET TO WORK**
